

Death of a U.S. Citizen in Korea

List of Local Morticians

The following list of Korean morticians has been prepared by the U.S. Embassy to assist American citizens in making arrangements for the death of their loved ones in Korea. Please contact the mortician and make determination on the disposition of remains. We should point out that preparation and air shipment are carried out in accordance with the laws of and facilities available in Korea and in some cases, the services fall short of those expected in the U.S. Service cost will be provided directly by the mortician.

Inclusion on this list is in no way an endorsement by the Department of State or the U.S. Embassy. Names are listed alphabetically, and the order in which they appear has no other significance. The information in the list on professional credentials, areas of expertise and language ability are provided directly by the morticians; the Embassy is not in a position to vouch for such information.
